1. **Obiective:**

Site-urile e-commerce sau **magazinele online** sunt destinate vanzarilor online. Acestea se creioneaza in jurul catalogului de produse. Functionalitatea caracteristica este ca pe site exista un cos de cumparaturi (preferabil disponibil in pagina de produs) prin intermediul caruia utilizatorul poate sa achizitioneze online unul sau mai multe articole. Aceste site-uri sunt voluminoase ca si numar de pagini datorita clasificarii si subclasificarii produselor.
